

ADJUST II

Adjust II is an auto-neutralizing upholstery cleaning prespray that dissolves soils, body oils, and airborne particulate in alkaline pH for easy extraction. After cleaning, Adjust II is excellent for use on white and/or wool carpets and upholstery or where any suspect fabric, such as silk, velvet, cotton, satin and colorfast fabrics may be a problem.

Directions:

Test each fabric in some inconspicuous area for bleeding and discoloration. Observe results after drying. Do not dilute or add other chemicals. Shake well. Spray small sections at a time using a pump-up or hand-held sprayer. Do not leave product breathing without a cap. Agitate if heavily soiled. Extract with Impact or Conquest depending on your machine and/or method. Adjust II will neutralize itself from a working pH of 9.

HAZARD WARNING: Eye and skin irritant, Combustible.

PRECAUTIONS: Wear impervious gloves, chemical splash goggles and maintain good ventilation.

FIRST AID: Contact-wash with soap and water. Ingestion-obtain medical help immediately.

READ SAFETY DATA SHEET BEFORE USE.

KEEP OUT OF REACH OF CHILDREN.

DO NOT REUSE THIS CONTAINER.

Appearance.....	Clear colorless liquid
Odor.....	Characteristic
pH.....	9
Specific Gravity.....	1.04 (H2O=1.0)
Dilution.....	Use as is
Freeze/Thaw.....	Recover with warming
Storage.....	Store in closed containers
Packaging.....	12/8 oz., 4/1 gal.
