

BLUE STEAM

DESCRIPTION:

Blue Steam's unique combination of low foaming surfactants and quick acting grease cutters are the perfect blend for truckmount systems. Combined with emulsiers and corrosion inhibitors, Blue Steam is a versatile, fast dissolving powder that leaves behind a pleasant aroma and a bright, clean carpet. Additional water softeners allow for consistent cleaning, no matter the hardness of the water on site.

DIRECTIONS:

Add 4-5 oz. of Blue Steam per gallon of room temperature water and mix in tank. Meter product out at 1 to 3 gallons per hour. Rinse and extract to ensure best results.

PACKAGING OPTIONS:

- 4/8#
- 40#
- 400#

SPECIFICATIONS:

Appearance: Blue powder

Odor: Herbal

pH: 11 (9 diluted)

Storage: Store in well closed containers.
