

GENTLE

DESCRIPTION:

Gentle is a concentrated, high performance carpet detergent designed to exceed the performance level of most products on the market. It can be used in both truckmount and portable machines without heating or cooling. While Gentle works especially great for frequent cleanings, it is unique in that it also protects the stain resistance of carpets. It meets all requirements for stain resistant carpets and is the only choice when cleaning a stain resist carpet that is not going to be treated with Masterseries after it has been cleaned.

DIRECTIONS:

CAUTION! Stain resistant carpet will lose some of its resistance by just normal traffic. Make sure you and your customer know the condition of the stain resistance before you clean (will it hold water on the surface?), so your cleaning is not blamed for a pre-existing condition. If carpet is under warranty, check the carpet manufacturer's limitations for temperature and abrasion. Gentle is formulated for room temperature or cold water, do not use hot water. It is not recommended to be used with abrasive scrubbers.

For Portable Extractor Machines: Use 1 oz. of Gentle per gallon of water. Dissolves instantly.

For Truckmount Extractor Units: To make the concentrate solution, use 1 quart of Gentle to 5 gallons of water. Dissolves instantly.

PACKAGING OPTIONS:

- 12/qts.
- 4/1 gal.

SPECIFICATIONS:

Appearance: Light yellow liquid

Odor: Slight lemon

pH: 9

Coverage:

Storage: Store at room temperature away from direct sunlight.

Freeze/Thaw: Freezes at very low temperatures, recovers with no loss of efficiency.
