

INVADE

DESCRIPTION:

Invade is DSC's paint, oil, and grease remover that will penetrate and break up the bonds between oil based substances in carpet fibers or on hard surfaces. With a balance of emulsifiers and solvents, Invade can be used over a wide area and can also be diluted with isopropyl alcohol or mineral spirits to increase the degreasing capabilities.

DIRECTIONS:

For use as a spotter: Use as-is and apply directly to the stain and agitate with brush. Allow solution to set for 3-5 minutes to dissolve the soil. Flush with water and extract.

For use on hard surfaces: Spray Invade on the area in need of cleaning and use a rag or mop to wipe away the oil, grease, or paint that is present.

PACKAGING OPTIONS:

- 12/qts.
- 4/1 gal.

SPECIFICATIONS:

Appearance: Clear liquid

Odor: Characteristic

pH: N/A

Storage: Store at room temperature away from direct sunlight. Keep container tightly closed.

Freeze/Thaw: Will recover with warming.
