

KRISP

DESCRIPTION:

Krisp is our premier, water soluble deodorizer that can be used in many different applications. Specifically formulated for offensive urine odors, it may be used before, during, or after your cleaning process. Use it with a prespray or add it to a detergent for a refreshing citrus fragrance. Krisp's dual quaternary action provides the punch you need on tough odors such as smoke, mildew, pets, food, malodors, and skunk. It's the cure for hospitals, retirement homes, childcare facilities, and pet kennels.

DIRECTIONS:

For urine or other strong odors, use 2-4 oz. per gallon of water and spray it directly on the area of the offensive odor. For deodorizing purposes, add 1-2 oz. of Krisp per gallon of water. To add a fragrance to your cleaning process, add 1-2 oz. to a 10 gallon cleaning tank.

PACKAGING OPTIONS:

- 4/1 gal.
