

RESTRAIN II

DESCRIPTION:

Restrain II is a fast acting, easy to use defoaming agent for truckmount and portable extraction tanks. Simply sprinkle the powder on the carpet and Restrain II's rapid defoaming action and quick dissolving capabilities will provide continuous elimination of foam and buildup in the recovery tank during extraction.

DIRECTIONS:

Sprinkle Restrain II directly over the carpet or upholstery being treated (1-2 tbsp per 100 sq. ft. depending on foam level). Rinse and extract as normal.

PACKAGING OPTIONS:

- 4/8#

SPECIFICATIONS:

Appearance: Light gray powder

Odor: Characteristic

pH: 7

Storage: Store at room temperature away from heat.

Freeze/Thaw: Will recover
