

# SIZZLE

## DESCRIPTION:

Whether cleaning in a kitchen, bathroom, or warehouse floor, Sizzle has the power to cut through grime and grease on tile and grout to leave both looking bright and clean again. While the porous nature of grout can leave it vulnerable to stains (particularly mildew, grease, and oil) that can be difficult to remove on hard surfaces, Sizzle's high pH formula is designed to tackle tough soils and stains to clean surfaces thoroughly.

## DIRECTIONS:

For brightening and deep cleaning of grout and other sealants: Mix 50/50 with water before spraying the area to be cleaned. Let sit for approximately 5 minutes before scrubbing and rinsing the affected area.

For tile and other hard surfaces: Dilute 8 oz. per gallon, preferably with warm water before applying. Spray Sizzle onto the surface and then scrub or mop the area.

\*For all uses - wear protective gloves to avoid irritation.\*

## PACKAGING OPTIONS:

- 4/1 gal.

## SPECIFICATIONS:

**Appearance:** Clear purple liquid

**Odor:** None

**pH:** N/A

**Storage:** Store in well-closed containers away from direct sunlight.

**Freeze/Thaw:** Will recover with warming.
