

SOOT-SOLV

DESCRIPTION:

Soot-Solv is our #1 product for removing smoke and soot residues from all surfaces, including the odors they give off. Whether it's from years of indoor smoking or cleaning up after fire damage, the unique organic compounds made from burning materials generates a very distinct and obnoxious odor that can linger for months, or even years afterwards. Soot-Solv is packed with high powered surfactants that not only cut through grease and grime on hard surfaces, but can help loosen these organic compounds from carpet fibers and upholstery. A unique fragrance helps finish the job by targeting the odor molecules generated by the burnt material, leaving behind a more neutral, fresh scent to prevent those obnoxious smoke odors from coming back.

DIRECTIONS:

For carpets and upholstery: Dilute 4-8 oz. per gallon of water.

For use as a booster or for deodorizing smoke odors: Add 1-2 oz. of Soot-Solv per gallon of water.

For hard surfaces: Dilute 1-2 oz. per gallon of water. Spray on surface and let sit 3-5 minutes. Increase to 4 oz. per gallon in areas with heavier soil.

PACKAGING OPTIONS:

- 4/1 gal.

SPECIFICATIONS:

Appearance: Clear, yellow liquid

Odor: Herbal

pH: 12

Storage: Store in well closed containers away from direct sunlight.

Freeze/Thaw: Will recover from freezing with no loss of efficiency.
