

SPIN-VAC PLUS

DESCRIPTION:

Spin-Vac Plus is our leading encapsulation cleaning product, but with the added combination of tea tree and eucalyptus oils that are known for their powerful, all-natural odor elimination properties. Well suited to duplex washers, counter rotating brushes (CRBs), or any other low moisture setup, it entraps dirt and soil particles in our superior embrittling agent and crystallizes it to be easily vacuumed up. A neutral pH combines with a non-stick encapsulation crystal to eliminate sticky residues during the drying phase that can reduce effectiveness when vacuuming Spin-Vac Plus is safe for all carpet types, including wool and stain-resistant.

DIRECTIONS:

Dilute 1:10 (13 oz. per gallon) for normal cleaning. Dilute 1:16 (8 oz. per gallon) for light cleaning.

Apply diluted chemical to the carpet with a non-atomizing sprayer and brush while wet. Let dry completely and carpet will take on an off-white appearance. Vacuum only when the carpet is completely dry. If vacuumed when still damp or wet, streaks and spots may remain on the carpet. Do not add any additional fragrance or product to Spin-Vac Plus.

PACKAGING OPTIONS:

- 4/1 gal.
- 5 gal.

SPECIFICATIONS:

Appearance: Clear liquid

Odor: Tea tree/eucalyptus

pH: 7

Storage: Store at room temperature away from direct sunlight or heat.

Freeze/Thaw: Will recover from freezing with no loss of efficiency.
